do you know anyone who acts like andre? if andre were over-the-top with elation for a while and then sank into the kind of depression where rhonda had to drag him to a meeting, i'd buy it.

although in the fall the sun, hot weather and chlorinated water may not be the major factors in drying out our skin, fall and winter introduce their own special ways to create dry, flaky skin.

area of the tomah va, but after confronting a series of situations that confounded his ethical compass,
