suffice it to say, without a functional and profitable rd environment, drugs would not be developed and made available to the general public in a timely and efficient manner

i don't know how much longer i can be on tramadol or lyrica, it is so expensive even with insurance

as a result, this legislation will increase costs, hamper patient flow and jeopardize patient safety and care.

the state of washington, meanwhile, is spending 2 million a year on a program to help people get the drug
